

# BARAKA GAS LTD

*Clean & Reliable Cooking Partner*

Leading Provider of Safe, Reliable, and Affordable  
LPG Solutions in Kenya

EPRA Licensed | KEBS Certified | ISO 9001 Compliant

## About Baraka Gas Ltd

---

Baraka Gas Ltd is an established privately owned company incorporated in 2018 under the Companies Act Cap 486 of the laws of Kenya. Founded by **Jack Kimwele**, our vision was to become a key logistics partner for Multinational Companies for bulk supply of Liquefied Petroleum Gas (LPG).

Our LPG Division specializes in providing superior customer service and safe transportation of your LPG gas. We provide well-trained professional drivers, late model equipment, and real-time information through satellite tracking.

Baraka Gas Ltd provides year-round service to the Propane, Butane, and Propylene commodities, and is able to expand capacity to service the very seasonal demands of the LP Gas industry.

## Our Mission & Vision

---

### Mission

To be the preferred energy partner by delivering high-quality LPG products with unmatched safety standards and customer service. We aim to revolutionize the energy landscape by making clean cooking fuel accessible to everyone across Kenya.

### Vision

To be East Africa's leading LPG provider, recognized for operational excellence, safety, and customer satisfaction.

## Our Services

### Home Delivery

Fast, reliable delivery of LPG cylinders directly to your doorstep. Available in 6kg, 13kg, and 50kg sizes.

### Bulk LPG Supply

Specialized industrial commodities including Propane, Butane, and Propylene for commercial clients.

### Installation Services

Professional installation of LPG systems by certified technicians ensuring safety and compliance.

### Safety Training

Comprehensive safety training programs for residential and commercial customers.

## What Makes Us Special

- Road Delivery Excellence:** Our service goes beyond simply delivering goods when asked. We offer a wide selection and choice from stock of reliable products with guaranteed quality and continuity of supply.
- State-of-the-Art Refill Station:** Modern refilling facilities equipped with the latest technology to ensure safe and efficient cylinder refilling operations.
- Extensive Fleet:** Well-maintained delivery vehicles with GPS tracking, ensuring timely and secure transportation of LPG to your location.
- Bulk Storage Facilities:** Large-scale storage infrastructure that guarantees uninterrupted supply and availability of LPG products year-round.
- World-Class Team:** Dedicated employees working within the former eastern province to deliver operational excellence every day, every year.
- Gas for Everyone:** Accessible and affordable LPG solutions for households, businesses, and industries across Kenya.

## Customer Testimonials

---

*"Baraka Gas has been our trusted partner for 3 years. Their bulk LPG supply is consistent, and the delivery team is always professional. Highly recommended!"*

- James Mwangi, Restaurant Owner, Nairobi

*"I switched to Baraka Gas last year and haven't looked back. The 13kg cylinder lasts longer, and their safety standards give me peace of mind for my family."*

- Sarah Njeri, Homemaker, Machakos

*"Excellent service! The team helped us transition to bulk LPG seamlessly. Our energy costs have reduced by 15%. Thank you, Baraka Gas!"*

- David Omondi, Hotel Manager, Mombasa
